

RACHEL BILLINGSLEY, AIA, IIDA

LEED AP, MANNING, APC

Rachel Billingsley is an architect with over fifteen years of professional architectural experience. Her experience includes visualization, master planning, documentation for predesign, schematics, design development, and construction document phases as well as construction administration. Rachel's projects focus on healthcare, senior living, multi-family housing, higher education, transportation, and education. As a senior level architect and interior designer, Rachel contributes to the firm's integration of services, leading to holistic solutions.
